Reasons for late contribution

My in-direct rollover is outside of the 60-day limit for depositing the money after receiving the distribution. I intended to make an in-direct rollover within the 60 days but was unable to do so for the following reason(s). Check all that apply:

- An error was committed by the financial institution making the distribution or receiving the contribution.
- The distribution was in the form of a check, and the check was misplaced and never cashed.
- The distribution was deposited into and remained in an account I mistakenly thought was a retirement plan or IRA.
- My principal residence was severely damaged.
- One of my family members died.
- I, or one of my family members was seriously ill.
- I was incarcerated.
- Restrictions were imposed by a foreign country.
- A postal error occurred.
- The distribution was made on account of an IRS levy, and the proceeds of the levy have been returned to me.
- The party making the distribution delayed providing information that the receiving plan or IRA required to complete the rollover despite my reasonable efforts to obtain the information.

Step 5: Participant acknowledgments

Empower Advisory Group, LLC - If you have elected to have your account professionally managed by Empower Advisory Group, LLC and this form is submitted, your rollover will be invested according to your current investment allocation on file.

General information - Only certain types of withdrawals are eligible for rollover treatment, and that is solely your responsibility to ensure such eligibility. By signing below, you affirm that the funds you are rolling over are in fact eligible for such treatment.

You authorize these funds to be rolled over into your employer's plan and to be invested according to your current investment allocation on file. **All funds rolled into the CERF Savings Plan - 457 Plan are subject to the terms of the CERF Savings Plan - 457 Plan.**

If you do not have a current investment allocation on file, we will allocate the assets to the default investment options selected by your plan. If no default investment option is selected, the funds will be returned to the payor.

You acknowledge and agree that if the former asset custodian remits additional residual amounts related to this transaction, such assets will be allocated to your current investment allocation on file.

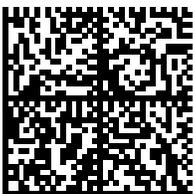

You must call us at 1-888-737-4480 or access your account at **empowermyretirement.com** in order to make changes or transfer monies from the default investment option(s). The assets will be processed on the date that both the form and the assets are received in good order. This completed form must be received by us at the address below.

The current provider may require that you furnish additional information before processing the transaction requested on this Rollover Form. We are not responsible for determining the status of any transactions you have requested. It is entirely your responsibility to provide the current provider with any information that they may require, and/or to notify us of any information that the current provider may wish to obtain in order to effect the transaction.

Withdrawal restrictions - The Internal Revenue Code and/or your employer's plan document may impose restrictions on rollovers and/or distributions. I understand that I must contact the current provider or plan administrator, if applicable, to determine when and/or under what circumstances I am eligible to receive distributions or to make rollovers.

Account corrections - It is your obligation to review all confirmations and quarterly statements for discrepancies or errors. Corrections will be made only for errors which you communicate within 90 calendar days of the last calendar quarter. After this 90 days, account information shall be deemed accurate and acceptable to you. If you notify us of an error after the 90 days, the correction will only be processed from the date of notification forward and not on a retroactive basis.

Outstanding loan balance - An outstanding loan balance cannot be included in the transaction requested on this Rollover Form. However, you may pay off the outstanding loan balance before this Rollover Form is submitted. After the loan is paid off, you may submit this Rollover Form. If you do not pay off the outstanding loan balance, you may rollover the amount of the loan offset from the plan prior to your tax filing deadline. Consult a tax advisor with questions.

Certification for late rollover contribution - Pursuant to Internal Revenue Service *Procedure 2016-47*, you certify that your in-direct contribution which you have described on this form missed the 60-day rollover deadline for the reason(s) you selected. You are making this contribution as soon as possible after the reason(s) you indicated no longer prevent you from making the contribution. You understand that this certification concerns only the 60-day requirement for an in-direct rollover and that, to complete the in-direct rollover, you must comply with all other tax law requirements for a valid rollover and with our rollover procedures.

Pursuant to Revenue *Procedure 2016-47*, unless we have actual knowledge to the contrary, we may rely on this certification to show that you have satisfied the conditions for a waiver of the 60-day rollover requirements for the amount identified on this form. We may not rely on this certification in determining whether the contribution satisfies other requirements for a valid rollover.

You declare that the representations made with respect to your certification for late rollover contribution on this Rollover Form are true. The IRS has not previously denied a request for a waiver of the 60-day rollover requirements with respect to a rollover of all or part of the distribution to which this contribution relates. You understand that in the event you are audited, and the IRS does NOT grant a waiver for this contribution, you may be subject to income and excise taxes, interest and penalties. If the contribution is made to an IRA, you understand we will be required to report the contribution to the IRS. You also understand that you should retain a copy of this signed certification with your tax records.

- 2) If an in-direct 60-day rollover, the rollover contribution is being made to the plan within 60 days from the date I received my distribution.

I am responsible for any income tax or penalties for the election I made on this Rollover Form. I acknowledge that you have not provided me with any tax or investment advice. I acknowledge that if I need financial or tax advice related to this transaction, it is my responsibility to consult with my personal financial and/or tax advisor.
